FINANCE & MATHEMATICS STUDENT · FOUNDER OF READOR.ART

GULYÁS DÁVID SÁMUEL

I study finance and mathematics at Corvinus University of Budapest. I grew the art community Reador.art to 600,000+ followers, and I now build ArAt and Reador's Cards with coding agents.

600,000+ followers in the Reador.art community

01 PROJECTS

2026 · WEB · ART

ArAt

A walkable, hand-painted room on the web where every object is made by a real artist. I paint it and build it with coding agents.

Painting | HTML / CSS / JS | React | Firebase

2026 · GAME · WEB

Reador's Cards

A real-time card duel on a painted rooftop city. Play the computer or a friend. I design it and build it with coding agents.

Game design | TypeScript | Three.js | Firebase

02 EXPERIENCE
